FAMILY MEAL 6-COURSES ----- \$45pp

For many Asians, family meals are important part of our lives. It brings us together and gives us a chance to share our joys, fears, ideas and events of the day in a way no social media can.

It is because of our belief in the power of a shared meal, the unity and the enjoyment, that we would like to invite you and your friends or family to share a 6-course meal. We are capturing the essence of our family meal and offering it for lunch and dinner.
